**Date: Nov 20**

We left Rouen and travelled about 15 miles, passing thru the towns of Morton where St. Joseph's college was being used as a hospital for Bibles and then Damtsia, and then Etter and St. Leger, all small towns; Morton is quite a little city with a water mill and some. We stopped for night at Nanking. To-morrow we are first Americans in here and the Germans are here and the French people; their religion so grateful.

**Date: Nov 21**

Today we travelled all day until night when we got last. We finally reached our way to a small town near Arlon. Arlon is a little city and the people look quite swell. The French people of Luxembourg which is west of Belgium are German speaking as I got a few rooms and lots to eat when I stayed. We left at about 9:30 AM on Nov 22 (Friday) and travel all day until 10 AM.
a little town near Merch ward where we slept the night. The people are friendly and treat us fine but they are much more quiet and rest on accommodating us. The scenery about this part of the country is great there are old castles and great high rocks. The woods are in ice and out of beautiful cultivated hills must be like W. Va. from Cass's report. The Germans are only about a day ahead.

We are almost at the end of our division. We are working hard these days there is lot to do in keeping the men, resters, letters, etc. occupy much of my time.

Nov 23

Moved only a few miles today there 'Merch' where Lautain and I tried to get the jam for St. Evans. We have had fine quarters so far and pretty good weather.

with wonderful hills
and valleys. We got
to Germany at 3:30 P.M. The people treat me pretty nice for Germans and don't seem to be antagonistic but were not very friendly.

Date: Dec. 2

The detachment moved from Lahn to Oberweiler. We passed three towns on the way which was in the deepest valley I have seen thus far. Wonderful hills and beautiful valleys remind me of inland.

Date: Dec. 3

We must be like I got some mail tonight and two letters of family were not very optimistic and make me pretty blue. Got letters from Miss. Also the people here are not very antagonistic but they are bores and say little.

Today we moved from Oberweiler to Schonken. It was some sad and rainy trip but I got a nice place to sleep anyway at a palett bed.
Date Dec 4

The people here at Schönbeck were not at all like our enemies. Have met several who are in the army having returned only a few days ago.

One had only his cross. We didn't move today so I cleaned my rifle and cooked.
Date  Dec. 6

We landed at this place after travelling a slow day behind the artillery 2nd Division.  Set late about 8 O.M. and ate dinner night on the broad front of a German military camp.  Preferred our camp.  Dixie only held a place on the floor.  Served us in a large town and thanked we could have stayed a day or so here but we went.

Date  Dec. 7

We landed at this town after a short and fast ride.  Have a fine room and Lourain and I got a half dozen eggs and ate them.  Think they were good.

Date  Dec. 8

Moved to day from Dear and after a hard marshy road we landed in a hunter's lodge belonging to some German police.  Had everything up to date all ready for us if seemed.  The name is
Aderfahof and it's a very small town.

---

Arrived at Arraider.

Date: Dec. 9

Moved from Aderfahof and after going through the worst storm I ever saw and pushing the truck several miles we finally got to Arraider at 9:10 P.M. went to bed with out supper and slept like a log.

Rammagen

Date: Dec. 10

The orderly room is in a great big house and there are two very nice girls here.

Emma Remington.
Got the carpet again.
So I am scratching.
Sunday, Dec. 14

Left Remagen early today and crossed the Rhine a short distance south of Remagen on a ferry raft. Was sorry to leave our comfortable quarters and those wine bottles. The people are pretty kind but not neat like the Americans. They were going to see me and to-night at sundown got 8 letters 2 post cards. We'll go home soon.

Dec. 15

We stayed here all day and in the evening we got orders to go to Andernach and leave the old company. Great news. We may go home for the old men were from the 1st Army and also 38th Corps.
Wednesday, Dec. 16.
We left our nice billets at Bemidji and travelled to Enger where part of our company was. From here we went to Deerwood and assembled our entire company. Nothing particular happened until we got to Deerwood.

Date

We then rode in the attic of an old house after getting nothing but bread and beans to eat. We are right on the banks of the Rhine on West side.

Wednesday, Dec. 17.
Friday I worked a bit, but mostly looked over the office. We have needed a Retreat and Drill but it won't be for long. We will leave this week, probably tomorrow.

Date

Wednesday, Dec. 18.
Doesn't look like moving this A.M., but we may go at that. I fear around the orderlies room all damaged leases about order to move to docks. We turned our heads today and it seems foolish like going away.
Dec. 19

We found ourselves early and got my post to Galena, Illinois to take the train to St. Louis. I believe we travelled all day and passed through Rensselaer City and Maysville the night. We had men managed to get a little sleep in between seats and floor. This compartment. Have been issued ration for all day and we managed to get double portion.

Dec. 20

What a headache and camp I have from the old floor. Have issued a days rations so I guess it will be in trains all day. I wonder if we are going to Kansas at all.

We finally found at Fort at enough to the same old barracks we slept in several months ago.
Dec 21

Spent the day at drilling and giving me and clothing requirements. We are going home as soon as to get equipped and the order arrive to secure. The rest of the regiment are in the nearby vicinity. Stewart said we are going home and the adjutant to get ready soon.

Dec 22

Reported clothes and take bath all but me. I think its useless as long as we have those blankets with the coating in them. Norman asked where we had not seen him since she landed. Resquaddled the company. March drill whatever today.

"10 PM. She pulled out and traveled fast all night. We were somewhat wet and in all bare clothes. Hope our hospital list does not increase any.

"Somehow on the road to Buda we fell asleep a night we spent without sleep. We have 63 men in our company and we are quite tired. We were issued cigarettes and chocolate to the A.M. and ate"
Beaumont leaves for breakfast. I am just getting bread and cheese. I haven't quite a few of the fellows got packages. I got a letter from Clara and a card from sister. We are making fast time and may get to Bordeaux this afternoon. New Year's Eve to-night and this is strange place to spend it. Wish I could get those Jutland Caravans sending one.

By card Date Jan 1, 1919
First day of day and rain last beautiful sunshine. We may get to Bordeaux by to-night by the speed we are making. Anyhow we will spend to-night on these two bars. We spent the night outside at the cars even although management to sleep it was terrible sleeping.
Jan 2

Set off the troop and landed here in a little town about 30 kilometers from the station. We are billeted in a schoolhouse. I understand we are quite a ways from Bordeaux, about 30 kilometers, the camp is still 3 days away by train. A requisition is to be made for a cook and food. Letters are due to arrive.

Tonight Pvt. Turner knifed Pvt. Stevenson in a fight. He is now under arrest.

Date

Jan 3

Fucked and shot at day work; bit of casual contact led to men arrested for being drunk and disorderly. Heard rumor to leave on the 26th from Bordeaux. Mr. Turner and others have to leave soon after that. The country too rough to hang on here.
Nothing unusual happened today except that more meat had been placed under inspection. We rounded up all the men who missed formation this AM and put them in Guard Room. Agent AM in doing nothing and the bright intrepid staff called Dad. No orders to move and I suppose we are here for a while at least. Mail (Burger) came back after being lost since we were at Sarry the first time.

Nothing unusual except that the weather was clear for half the day. Saturday and all the boys are promenading with the French children. Some of them are pretty neat and make a fine home at home. Whenever we are going to leave here it all that worries me most.
